READINGS CONFERENCE

This is a very unique and specialized service. It is truly one-to-one  
personal service. Turtle Heart has many credentials in these areas and is a caring  
and articulate reader. The BBS offeres a unique, in-depth and personal  
reading service unique in its richness and depth.

This conference is dedicated to providing readings, counsel and  
learning from the combined medicine forms of Astrology, Oriental  
medicine, and focused native american practices.

This conference contains PRIVATE MESSAGES to registered clients

only.

Fees for this conference are negotiable. Services include short-term and long time membership options. You may also join this conference if you are a dedicated person in any healing or support form. Through the conference you can talk to others dedicated along similar lines, as well as establish eligibility for on-going teachings in the medicine forms practiced by Turtle Heart.

This includes learning Astrology, Tarot, I Ching, or limited programs in Native Healing practices (Ahnishinabeg).

Membership is very limited. I usually like to keep the conference membership to less than 25 persons.

A typical readings conference membership would cost \$40 a month, limited to two calls to the BBS each week. This is in addition to the \$100 YEARLY FEE for CONTRIBUTING MEMBER status, which is required for this conference.

=====

All PAID MEMBERS have access to the full Tribal Arts original art files for downloading. This directory contains exciting original works of art. These files support advanced systems only; typically offering 24-bit graphics image in SVGA resolution or better.

ALL MEMBERS have access to the \_\_\_\_\_ files directory, which does contain many art images in VGA and Monochrome formats.

Here is a description of all the conferences:

Our conference list is growing: future updates will be posted in the BBS under this same name, so you are always looking at the most current list.

To JOIN a conference, just type 'J' at the main menu, and you will see a list of the available conferences.

We strongly support the idea of off-line mail readers. We have several available for downloading. These programs will allow you to see all news, bulletins and selected conferences while off-line. You then call the BBS back with your replies and so forth. This is the best way to use the BBS. Please leave a message with the SYSOP if you need any help at all.
