Shamanic Soul Coaching:

The Secrets of Soul Healing Revealed

Shamanic Soul Coaching Certification Program

Limited to only 10 people

[See schedule HERE](#)

Each of us has a soul purpose, a calling that ignites our life and illuminates our soul's path toward wholeness.

A calling that allows us to create ourselves - and the world around us - anew each time we practice it.

Do you long to help others find their spark?

Are you already a healer, assisting other souls to transcend their wounds and find their purpose?

Are you prepared to explore your own shadows so that you may guide others through the dark realms of their disowned selves?

Whether you feel called to begin a healing practice, or long to deepen the practice you already have, certification as a **Shamanic Soul Coach** could be the next step on your path.

Renowned and well-respected Priestess, Shaman, Soul Coach, Clinical Sexologist, award-winning author and Teacher **Francesca Gentile** has designed an 8 Month certification training course in Shamanic Soul Coaching.

What the Training Program entails:

The series runs for 8 months, and includes in-depth Opening, Dedication, Closing, and Initiation weekends, as well as personalized private coaching sessions, teleseminars, and day long trainings.

Each month, the in-person training focuses on a different aspect of Shamanic Soul Coaching, and the teleseminar offers the opportunity to review what you have learned and check in with your fellow Shamans about how the teachings are manifesting in your daily life.

At the end of the training course, you will participate in an **initiation ceremony and ritual** that you and your fellow Shamans have envisioned and worked together to create.

During the course, Francesca will train you in:

- Creating a coaching plan for your clients
- Using the expressive arts in your practice
- Recognizing "inner family": archetypes
- Guiding shamanic visualizations to recover, uncover, heal & discover totems, archetypes, lost selves, inner family, shadow selves, power selves
- Giving unconditional positive regard without over-giving
- Working with couples
- Setting boundaries
- Clarifying your healer mission, personal specialty, and market niche
- Understanding, healing, and using life force energy
- Developing promotion plans to grow your business
- Recognizing your minimum daily Shamanic requirements

Francesca & Tahlil will impart many more tools and wisdom teachings as well over the 8-month training period.

The intention of the 8-month program is to:

- Rebirth ourselves on a new level, integrated, insightful, compassionate, and contributive to the world.
- Open our hearts to The Positive Power of "I Don't Know"
- Deepen our ability to be soul warriors for the planet
- Expand our skill sets of holding unconditional positive regard for perfectly imperfect humanity.
- Deepen our ability to guide others (often into dark places) to reclaim the lost, hidden, rejected or denied pieces of their soul.
- Recommit ourselves to the ongoing process of Inner Work that guides the Outer Work for others.
- Integrate the Shamanic World View of myth, pattern, symbol, and meaning in dreams, life, story, pain, emotions, life cycles, seasonal cycles, and illness.
